MATERIAL SAFETY DATA SHEET

Material: White Top **Revision: 01** **Date: 26th-Jan-2015**

CHEMICAL PRODUCT/COMPANY NAME

Product identification: White Top

Product description: White Top
Product use: May be used for carton/printing
Company identification: Manufacturer/ distributor

CÔNG TY CỔ PHẦN GIẤY VIỆT TRÌ
Đường Sông Thao, Phường Bến Gót, Thành Phố Việt Trì, Tỉnh Phú Thọ (Việt Nam)

COMPOSITION INGREDIENT INFORMATION

%	Materials	CAS Number
75	Pulp (cellulose)	9004-34-6
10	Titanium dioxide	013463-67-7
10	Calcium carbonate	1317-65-3
4.5	Starch	9005-25-8
0.5	Adhesive	-

HAZARD IDENTIFICATION

Primary Health Hazards: If the product is used in such a way as to generate high dust levels the primary health hazard posed by these products is thought to be due to exposure to dust.
Chronic Health Hazards: Paper (cellulose) dust is a biologically inert dust that has little or no effect on the lungs and does not produce significant organic disease or toxic effect.

FIRST AID MEASURES

Ingestion: Not applicable for product in purchased form.
Skin Contact: Not applicable for product in purchased form.
Skin Absorption: Not applicable for product in purchased form.

Hotline:+84.93.898.1468

Eye Contact: if the product is used in such a way as to generate high dust levels then dust may mechanically irritate the eyes, resulting in redness or watering. Treat dust in eye as foreign object. Flush with water to remove dust particles. Get medical help if irritation persists.
Inhalation: Excessive dust concentrations may cause unpleasant obstruction in the nasal passages. Remove to fresh air. Get medical help if persistent irritation, severe coughing or breathing difficulty occurs.

FIRE FIGHTING MEASURES

Suitable extinguishing agents: CO2, powder or water spray.
Fight larger fires with water spray or alcohol resistant foam.
Protective equipment: No special measures required.

ACCIDENTAL RELEASE MEASURES

Steps to be Taken In Case Material Is Released or Spilled: Not applicable for product in purchased form. Sweep or vacuum dust for recovery or disposal

HANDLING AND STORAGE

Precautions to be taken In Handling and Storage: No special handling precautions are required for product in purchased form. Keep in cool, dry place away from open flame.

EXPOSURE CONTROLS/PERSONAL PROTECTION

Personal protective equipment in case of the product is used in such a way as to generate high dust levels:

- Respiratory protection: masks.
- Protection of hands: gloves
- Protection of eyes: glasses

PHYSICAL AND CHEMICAL PROPERTIES

Odor: The products are odorless.
Physical State: Solid
Boiling Point (at 760 mm Hg): Not applicable
Vapor Pressure (mm Hg): Not applicable
Vapor Density (air = 1; 1 atm): Not applicable
Self ignation temperature: Not applicable
Melting Point: Not applicable
Evaporation Rate (Butyl acetate = 1): Not applicable

Solubility in Water (% by weight): Insoluble
Volatile by Volume [at (21oC)]: Not applicable
pH: Not applicable

STABILITY AND REACTIVITY

Stability: Stable
Conditions to Avoid: Avoid open flame and sparks.
Incompatibility (Materials to Avoid): Not applicable
Hazardous Decomposition or By-Products: Combustion products include carbon monoxide and carbon dioxide.
Hazardous Polymerization: Will not occur

ECOLOGICAL INFORMATION

Based on local regulations

AQUATIC TOXICITY

The product is expected to be low based on insolubility in water.

DISPOSAL INFORMATION

Unclean Product: · Recommendation the unclean product should not be discharged to the environment
Recommendation: Waste of Decan paper from after using may be disposed of together with other waste
Treatment, storage, transportation, and disposal must be in accordance with applicable local regulations.

TRANSPORTATION INFORMATION

Hazard Class: Not Regulated
Proper Shipping Name: Not Regulated
Identification Number: Not Listed

OTHER

User Responsibility: Each user should read and understand this information and incorporate it into individual site safety programs in accordance with locally applicable hazard communication standards and regulations.
