PHU HUNG PAPER AND PACKAGING CO., LTD

Tam Tao Hamlet, Tien Du Commune, Bac Ninh Province, Viet Nam

Dear Sir or Madam,

Re: PPWR declaration for your review and completion — Regulation (EU) 2025/40

Article 5(4) of Regulation (EU) 2025/40 (PPWR) requires that the sum of lead, cadmium, mercury and hexavalent chromium (Pb + Cd + Hg + Cr(VI)) in packaging does not exceed 100 mg/kg. Our export dossier for the European Union needs this declaration from the manufacturer of the finished corrugated carton trays.

Attached is the PPWR declaration for the finished corrugated carton trays that we have prepared for you. It declares that the sum of the four metals above in the finished trays does not exceed 100 mg/kg, on the basis of the declarations and test reports of the raw-material suppliers; the tray is secondary packaging and does not touch the food. The fields marked [[…]] await your completion.

Please: (1) check that each statement is accurate for your products; (2) complete the fields marked [[FILL]]; (3) sign and stamp; (4) return one copy to us at Hoi Vu Company Limited — Cau Giat Industrial Cluster, Duy Tan Ward, Ninh Binh Province, Viet Nam.

Specifically, please: (a) complete the board grade(s) and material composition actually used; (b) complete the raw-material supplier names to cite; (c) if a supplier heavy-metal test report exists — complete its number and date and attach a copy; (d) complete the reference number and date of issue; (e) confirm the signatory, Mr. NGO NGOC THANH — Director, and add the signing date.

Please do not change the body text. If any statement is not accurate, tell us and we will reissue the declaration.

Thank you for your cooperation.

Yours faithfully,

Hoi Vu Company Limited — Cau Giat Industrial Cluster, Duy Tan Ward, Ninh Binh Province, Viet Nam
