Giấy Lee & Man Việt Nam supplies two liner board grades — White Top Liner (grade W) and Kraft Top Liner Board / Test Liner (grade N) — to NEW DIAMOND PACKAGING and PHU HUNG PAPER AND PACKAGING CO., LTD (CÔNG TY TNHH GIẤY VÀ BAO BÌ PHÚ HƯNG), which manufacture the finished corrugated carton trays supplied to Hoi Vu Company Limited for food products exported to the European Union. These papers are used in corrugated cartons that pack food products exported to the European Union. The carton is secondary packaging. The papers do not touch the food.

Regulation (EU) 2025/40 (PPWR), Article 5(4), requires that the sum of lead, cadmium, mercury and hexavalent chromium (Pb + Cd + Hg + Cr(VI)) in packaging and packaging components does not exceed 100 mg/kg. For these four metals we hold no specific test. **Based on the technical information given by our raw material suppliers**, we declare that this sum in the two liner board grades supplied to the two carton manufacturers does not exceed 100 mg/kg. We do not perform any specific tests for this sum.
